  - **Elisa approves, Sarah to second.**

#### PPO

- Breakfast with Santa.
- New year fundraiser to be decided on in December.

#### Commissioner report.

- On October 29<sup>th</sup> there was a special board meeting to adopted a budget. A deficit budget. In June, the government announced massive cuts – 590 million dollars – the cuts would mean EMSB would 10-30 Mil. The gov. put in very restricted ways to spend the money they put back into the system. They put FTE caps
- Took the gov to court and asked for a stay of application. But since there the minister of education has made very important concessions – a win for the school board and the french one – they let go on some of the restrictions. Dropped the stay of application, a court challenge remains, however. Was able to deficit budget. Passed a deficit 7.8million dollar budget. The board has worked very hard to try to minimize the impact of the services to students. We must accept the deficit budget.
- The board has launched a fundraising effort through Canada Helps – a way for schools to get direct donations for specific projects and areas you want to fundraise for.
- Carpentry program as been expanded.
